# 38 pieces, 38 print files

Every piece in the set is supplied as its own print-ready PDF in this folder, numbered in the order a job should be run. All files are 1 : 1 in millimetres with bleed, crop marks and a slug strip — plot at 100 %, never scale. The multi-page proof PDFs elsewhere in the set are for approval; these are the files to send to the printer.

| # | JOB | PIECE | TYPE | FINISHED SIZE | FILE |
|---|---|---|---|---|---|
