EDDWALIRO

BCM

MEDICAL CENTRE

WE LISTEN. WE TREAT. WE CARE.

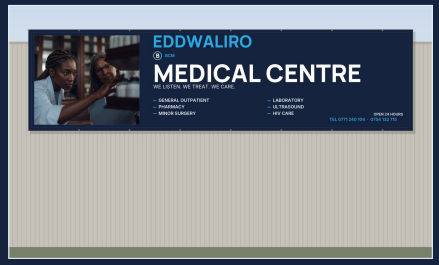

01 – 03	**Door film**	THREE GLAZED DOORWAYS, 8 PANES EACH	24 PANES
04	**Sign post**	NAME-ONLY PANEL, DOUBLE SIDED	945 × 643 MM
05	**Banners**	ROADSIDE FENCE, THREE LENGTHS	3.8 / 3.4 / 2.4 M

DOOR 1

SIGN POST

BANNER B-1

24 PANES · 1 PANEL · 3 BANNERS · 23 PHOTOGRAPHS

PRINT-READY ARTWORK, PROOFS, ELEVATIONS, SCHEDULES AND SPECIFICATIONS.

MEASURED TO THE CLINIC'S OWN PREMISES.

What is in the set

Five groups. Inside each: print files at 1 : 1, a multi-page proof, elevations, a README, a licence record and a web preview. The folder names below are the folder names in the zip.

	FOLDER	WHAT IT IS	TYPE
01	DOOR-1/	DOOR 1 — TESTING AND TREATMENT	ONE-WAY VISION FILM · 8 PANES
02	DOOR-2/	DOOR 2 — THE WELCOME DOOR	ONE-WAY VISION FILM · 8 PANES
03	DOOR-3/	DOOR 3 — FAMILY, EYE, ENT AND WARD	OPAQUE FILM · 8 PANES
04	SIGN/	SIGN POST PANEL	DOUBLE-SIDED PANEL · 945 × 643 MM
05	BANNERS/	ROADSIDE BANNERS	PVC BANNERS · 3.8 / 3.4 / 2.4 M × 1.0 M

AND AT THE TOP OF THE ZIP

- BCM-Complete-Set.pdf — this document: contents, pane schedules, the sign post, the banners, the full licence table and the handover checklist.
- README.md — the same story in text, with the rebuild commands.
- MANIFEST.csv — every file in the set with its type and size, for checking the handover.
- index.html — the set as a web page; open it in a browser and everything links.
- complete/ — the master proof, manifest, README and index on their own, if you only want the paperwork.

NOT DUPLICATED

- The per-group zips (BCM-Door-1-package.zip and so on) are left out of the set: they hold the same files you already have here. They stay on each group's own page for handing a single job to a single supplier.

Door 1 — testing and treatment

Testing and treatment. Eight panes, 900 mm high: four at 900 × 500 mm on the outer edges, four at 900 × 400 mm against the meeting stile. One-way vision film — you can see out through the print from inside.

ELEVATION — DAY, TO SCALE

PANE	SERVICE	GLASS H × W	PHOTOGRAPH
D1-P1	HIV CARE	900 × 500	PH-09 GLOVED HAND HOLDING TWO BLOOD SAMPLE TUBES FOR
D1-P2	PHARMACY	900 × 400	PH-28 HANDS HOLDING A STRIP OF TABLETS
D1-P3	MALARIA	900 × 500	PH-11 MACRO PHOTOGRAPH OF A MOSQUITO ON SKIN, TAKEN
D1-P4	CBC	900 × 400	PH-10 GLOVED HANDS HANDLING A PURPLE-TOP BLOOD TUBE
D1-P5	LABORATORY	900 × 400	PH-05 LABORATORY TECHNICIAN AT A TRINOCULAR MICROSCO
D1-P6	ANTENATAL	900 × 500	PH-24 ULTRASOUND EXAMINATION OF A PREGNANT PATIENT
D1-P7	OUTPATIENT	900 × 400	PH-08 DOCTOR CONSULTING A PATIENT ACROSS A DESK
D1-P8	OUR SERVICES	900 × 500	— TYPE ONLY

ON THIS DOOR

- Print files: door-1/artwork/D1-P1…P8.pdf, 1 : 1 mm with bleed, slug and crop marks. All eight pages also in door-1/BCM-Door-1-Panels.pdf.
- Schedule and specification in door-1/docs/ — pane positions, film, installation, open items.
- No photograph on this door appears on either of the other two, and no service repeats door to door.

Door 2 — the welcome door

General medicine and dispensing. Eight panes, 900 mm high: four at 900 × 500 mm on the outer edges, four at 900 × 400 mm against the meeting stile. One-way vision film — you can see out through the print from inside.

ELEVATION — DAY, TO SCALE

PANE	SERVICE	GLASS H × W	PHOTOGRAPH
D2-P1	WELCOME	900 × 500	PH-01 RECEPTIONIST ASSISTING A PATIENT AT A MODERN R
D2-P2	MINOR SURGERY	900 × 400	PH-14 SURGICAL INSTRUMENTS LAID OUT ON A STERILE TAB
D2-P3	OBS & GYN	900 × 500	PH-19 DOCTOR CONSULTING A PREGNANT PATIENT
D2-P4	GENERAL OUTPATIENT	900 × 400	PH-12 NURSE TAKING A BLOOD PRESSURE READING WITH A D
D2-P5	PHARMACY	900 × 400	PH-27 PHARMACIST HANDING DISPENSED MEDICINE ACROSS T
D2-P6	IMMUNISATION	900 × 500	PH-32 A CHILD RECEIVING A VACCINATION SHOT, HELD BY
D2-P7	HIV CARE	900 × 400	PH-18 HANDS PREPARING A RAPID TEST KIT ON A WHITE TA
D2-P8	OUR SERVICES	900 × 500	— TYPE ONLY

ON THIS DOOR

- Print files: door-2/artwork/D2-P1…P8.pdf, 1 : 1 mm with bleed, slug and crop marks. All eight pages also in door-2/BCM-Door-2-Panels.pdf.
- Schedule and specification in door-2/docs/ — pane positions, film, installation, open items.
- No photograph on this door appears on either of the other two, and no service repeats door to door.

Door 3 — family, eye, ENT and ward

Family, eye, ent and ward care. Eight panes, 900 mm high: four at 900 × 500 mm on the outer edges, four at 900 × 400 mm against the meeting stile. Opaque film: this door is not see-through.

ELEVATION — DAY, TO SCALE

PANE	SERVICE	GLASS H × W	PHOTOGRAPH
D3-P1	ANTENATAL & POSTNATAL	900 × 500	PH-26 OB-GYN BESIDE THE ULTRASOUND MACHINE, SCAN ON
D3-P2	EYE SERVICES	900 × 400	PH-29 EYE EXAMINATION ON A VISION TESTING INSTRUMENT
D3-P3	PAEDIATRICS	900 × 500	PH-03 PAEDIATRICIAN EXAMINING A CHILD WITH A STETHOS
D3-P4	MINOR SURGERY	900 × 400	PH-22 SURGICAL TOOLS ARRANGED ON A STERILE SURFACE
D3-P5	ULTRASOUND	900 × 400	PH-25 CLINICIAN OPERATING AN ULTRASOUND SCANNER IN A
D3-P6	ENT	900 × 500	PH-30 OTOSCOPE EXAMINATION OF AN EAR
D3-P7	INPATIENT CARE	900 × 400	PH-31 INPATIENT BEDS IN A HOSPITAL ROOM
D3-P8	OUR SERVICES	900 × 500	— TYPE ONLY

ON THIS DOOR

- Print files: door-3/artwork/D3-P1…P8.pdf, 1 : 1 mm with bleed, slug and crop marks. All eight pages also in door-3/BCM-Door-3-Panels.pdf.
- Schedule and specification in door-3/docs/ — pane positions, film, installation, open items.
- No photograph on this door appears on either of the other two, and no service repeats door to door.

The sign post panel

Name only — no service list, no photograph. Trim 944.9 × 643.1 mm, the client's 3.10 ft × 2.11 ft, double-sided. EDDWALIRO heads the panel in cyan, the badge and BCM sit under it, MEDICAL CENTRE keeps the widest line in white, the motto closes the block. Two lockups are supplied; A is the recommendation.

ON THE POST — PANEL CENTRE 1500 MM ABOVE GROUND

WHAT IS SUPPLIED

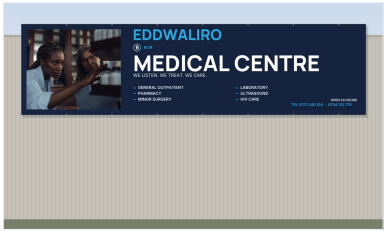

- artwork/BCM-Sign-Name-Only.pdf — option A, both faces in the one file, 1 : 1 mm.
- artwork/BCM-Sign-Name-Only-Option-B.pdf — badge-left lockup, for continuity with the door panes.
- BCM-Sign-Panel.pdf — four pages: the panel to scale, the two options, on the post, specification.
- lookbook/ — day and night elevations and the dimensioned drawing.

FIXING — CONFIRM ON SITE

- 3 mm aluminium composite, matte anti-glare laminate, 3 mm radius, sealed edges.
- Two 76 mm galvanised posts at 520 mm centres; panel centre 1500 mm above finished ground level.
- Check 3.10 ft × 2.11 ft against the panel the signwriter is actually making before plotting.

The roadside banners

Three lengths on the fence, three different layouts, one identity. Each carries EDDWALIRO at the head, the badge and BCM, MEDICAL CENTRE as the widest line, the motto, a service list from the clinic's own board, the two premises numbers and Open 24 hours.

B-1 — The road banner

3,800 × 1,000 MM · 3.8 M × 1.0 M · 3.80 M²

READ AT SPEED, FROM THE ROAD. PHOTOGRAPH ON THE LEFT, THE NAME ON THE RIGHT.

SERVICES: GENERAL OUTPATIENT, LABORATORY, PHARMACY, ULTRASOUND, MINOR SURGERY, HIV CARE

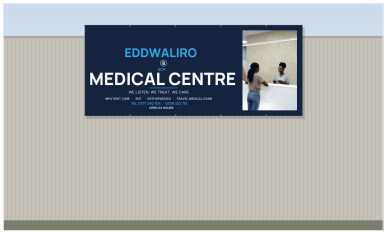

B-2 — The services banner

3,400 × 1,000 MM · 3.4 M × 1.0 M · 3.40 M²

READ STANDING STILL, AT THE GATE. THE LIST DOES THE WORK, TWO PHOTOGRAPHS CARRY IT.

SERVICES: PAEDIATRICS, IMMUNISATION, ANTENATAL & POSTNATAL, OBS & GYN, FAMILY PLANNING, EYE SERVICES

B-3 — The compact banner

2,400 × 1,000 MM · 2.4 M × 1.0 M · 2.40 M²

THE SHORT RUN: THE NAME SET AS LARGE AS IT WILL GO, ONE PHOTOGRAPH, ONE LINE OF SERVICES.

SERVICES: INPATIENT CARE, ENT, ORTHOPAEDICS, TRAVEL MEDICAL EXAM

PRODUCTION — CONFIRM WITH THE PRINTER

- 510 g/m² PVC, matte, 40 mm welded hem, eyelets at 500 mm centres; the artwork keeps 60 mm clear of the trim. Fix every eyelet — a 3.8 m banner sails.
- One print file per banner in banners/artwork/, 1 : 1 mm with 10 mm bleed.

Every photograph, and its licence

All photography is licensed from Pexels under its free licence: commercial use, modification, no attribution required. Frames marked R were colour-retouched with AI assistance so the people read Black African, as asked. The people are models — no pane, sign or banner names them as BCM staff or patients. Working files are web resolution; repeat the retouch on the full-resolution originals before any of this is printed large.

ASSET	PHOTOGRAPH	CREATOR	PEXELS		USED IN

PEXELS FREE LICENCE — COMMERCIAL USE, MODIFICATION AND NO ATTRIBUTION REQUIRED; NOT FOR RESALE UNALTERED, NOT FOR IMPLYING ENDORSEMENT. CHECKED 29 OCTOBER 2026. THE B MONOGRAM IS A RECREATION, NOT BCM'S OFFICIAL LOGO.

Who gets what

Three suppliers, three different jobs. Send each the folder named, nothing else — the film printer has no use for the banner files, and the signwriter should not be scaling anything.

SUPPLIER	SEND	FILES	WHAT TO SAY
ONE-WAY VISION PRINTER	DOOR-1/ DOOR-2/ DOOR-3/	24 PANE PDFS + 3 PANEL PROOFS	PERFORATED FILM, 2.3 MM PITCH; D2 MUST STAY SEE-THROUGH, D3 IS OPAQUE
SIGNWRITER	SIGN/	SIGN PANEL A (OR B) + 4-PAGE PROOF	ACM 3 MM, TWO POSTS, PANEL CENTRE 1500 MM
BANNER PRINTER	BANNERS/	3 BANNER PDFS + 6-PAGE PROOF	PVC 510 G, WELDED HEM, EYELETS AT 500 MM

OPEN ITEMS — ANSWER THESE BEFORE ANYTHING IS PLOTTED

- The official BCM logo vector. The B monogram here is a recreation in the client's colours; swapping it is one line in source/bcm_brand.py.
- Spelling of EDDWALIRO — set as supplied, worth confirming before plate-making.
- Whether the sign post and the door fascia carry the motto and the telephone; both are present and can be dropped or added in minutes.
- Sign post size, checked against the panel the signwriter is actually making.
- Photographs: the working files are 843–1264 px. Approve the look, then either repeat the retouch on the Pexels originals or photograph the clinic's own team.
- Measurement check on each doorway before the film is cut: 900 mm high panes, 500 mm outer, 400 mm against the meeting stile.
